

Horrifying Vegetarians for more than 100 Years

Sorry, NO TIRES!!!!

That's right; we concentrate on custom cut meats, a great wine and beer selection, and state liquor. If you do really need tires, we'll recommend some terrific locally owned and operated tire stores who most likely don't sell meat or wine or liquor.

Are you on a first name basis with your meat cutter? Stop in and start a conversation with Ryan, Chris, or Paulette and you will be.

Ever get personal service and advice from a big box store when selecting a wine to go with dinner? You will here. Just ask for Lisa. She's no high-brow "know it all" either, just here to help. We're always learning too.

We guarantee you will not lose your car in our parking lot. We also guarantee your car will never get dinged and dented from 50mph wind blown shopping carts. How can we make these promises? Because we carry out all groceries. And tipping is prohibited, not expected.

Ever just want to call in your order and have it delivered? We do that too! That's right, DELIVERY.

So, make the short drive to Marblehead, and discover again what real service and real meat is. Straight down 163, right across from the ferry.
